When*

Now until March 1, 2019. All raised funds are due by March 1, 2019.

Why

- All children in the world deserve to have access to healthcare so they can have happy and healthy life.
- Responding to the needs of others teaches empathy and compassion.
- Learning about global issues helps students to be active global citizens.
- This is a dynamic way to fulfill one of the 50 acts of kindness, “Make a wish for a child in another country.”
- To unify all Great Kindness Challenge schools around one common service project. Kindness is working together!

How

1. Watch our “Kind Coins for Liberia” [video](#).
2. Use the video as catalyst to discuss the need for a health clinic in Paynesville, Liberia. You may use the grade appropriate Video Learning Guides (available on the GKC tools page on our website).
3. Invite your students to help raise funds to build the health clinic.
4. Each student creates his/her own “Kind Coins for Liberia” collection container, using decorated cans, jars or large envelopes.
5. Students collect spare change around the house, ask neighbors to contribute, host a lemonade stand, take it to their parent/guardian’s workplace, or any other creative way.
6. At the end of the campaign, collect the money, count it, and complete the Kind Coins for Liberia Contribution form.
7. Mail a check or money order along with the Kind Coins for Liberia contribution form and Wall of Wishes photo (optional) to Kids for Peace Headquarters (1302 Pine Avenue, Carlsbad, CA 92008). If the check is issued by an individual or a school district on behalf of a school, please in the memo include the name of the school so we can give appropriate credit.

Where does the money go? 100% of the raised funds will go to build a health clinic in Paynesville, Liberia. All collected money is mailed to Kids for Peace (501c3 #26-1564351), the nonprofit that hosts The Great Kindness Challenge. Kids for Peace will not take an administrative fee. Kids for Peace is partnering with a long-term, Liberia-based partner. The entire process will be documented with photos for you to share with your students.

Thank you. Your KINDNESS MATTERS!

**The March deadline is essential for us to determine the scope of the project and it allows our partners onsite in Liberia to start the building process, especially since the turn-around time for the entire project is very tight. From an idea to completion, a new health clinic will be built within one year! With that being said, we will continue to raise #KindCoins until the end of the school year in order to reach our full goal and meet all expectations.*
